Von Martin Middlebrook : Argentine Fight for the Falklands before purchasing it in order to gage whether or not it would be worth my time, and all praised Argentine Fight for the Falklands:

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Grundlagenwerk zum FalklandkriegVon Frank HuebnerIch hatte mir das Buch bestellt, ohne groe Vorstellungen zu haben...und wurde auf Positivste berrascht!In dem Buch schildert der Autor (der dafr Zugang zu den argentinischen Archiven und zu den Veteranen hatte) die Vorbereitung und die die politischen Ziele der Invasion der Falklands. Dazu geht er sehr detailliert auf die militrischen Vorbereitungen der Argentinier ein und spricht auch die Aufrstung durch

die USA und Frankreich an. Die Invasion selber wird hier erstmals haarklein beschrieben, mit Truppenteilen, Verlusten, Besetzung und Verteidigungsvorbereitungen. Unglaubliche Informationsfülle! Der Krieg selber wird ebenso genau beschrieben, zudem geht der Autor auf die Einsatzbereitschaft der arg. Verbände ein und räumt auch mit einigen Mythen hinsichtlich der Wehrpflichtigen und der Rolle der Luftwaffe und Marine auf. Leider ist es ein absolutes Nischenthema, so dass eine deutsche Übersetzung nicht in Sicht ist. Dieses Buch ist ein Grundlagenwerk zum Thema Malvinas/Falklandkrieg, und mit diesem Buch hat sich mein Horizont zu dem Thema um 180 Grad erweitert!

Kurzbeschreibung Martin Middlebrook is the only British historian to have been granted open access to the Argentines who planned and fought the Falklands War. It ranks with Liddell Hart's *The Other Side of the Hill* in analyzing and understanding the military thinking and strategies of Britain's sometime enemy, and is essential reading for all who wish to understand the workings of military minds. The author has managed to avoid becoming involved in the issue of sovereignty and concentrates entirely upon the military story. He has produced a genuine 'first' with this balanced and unique work. Among the men he met were the captain of the ship that took the scrap-metal merchants to South Georgia; the admiral in charge of planning the Falklands invasion; the marine commander and other members of the invasion force; two brigadier-generals, five unit commanders and many other men of the large army force sent to occupy and defend the islands.; the officer in charge of the Argentine garrison at Goose Green; and finally the brigadier-general responsible for the Defence of Port Stanley and soldiers of all ranks who fought the final battles.

Synopsis Martin Middlebrook is the only British historian to have been granted open access to the Argentines who planned and fought the Falklands War. It ranks with Liddell Hart's *The Other Side of the Hill* in analyzing and understanding the military thinking and strategies of Britain's sometime enemy, and is essential reading for all who wish to understand the workings of military minds. The author has managed to avoid becoming involved in the issue of sovereignty and concentrates entirely upon the military story. He has produced a genuine 'first' with this balanced and unique work. Among the men he met were the captain of the ship that took the scrap-metal merchants to South Georgia; the admiral in charge of planning the Falklands invasion; the marine commander and other members of the invasion force; two brigadier-generals, five unit commanders and many other men of the large army force sent to occupy and defend the islands; the commander of the naval force that put to sea to engage the approaching British task force; the captain and seven other survivors of the *Belgrano*; a submarine captain; the naval pilots who sank HMS *Ardent* and HMS *Sheffield*; the officer in charge of the Argentine garrison at Goose Green; and finally the brigadier-general responsible for the Defence of Port Stanley and soldiers of all ranks who fought the final battles. The book provides new light on the way the Argentine forces were organized for war, the plans and reactions of the commanders, the sufferings of the soldiers and the shame and disillusionment of defeat.
