**Von Arthur Koestler : Arrow In The Blue** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arrow In The Blue:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein extrem interessantes Buch!Von DarknessNoonIch habe den Schmker hier auf meinem Schreibtisch... seit Monaten. Nicht weil ich ihn nicht lesen will, sondern weil ich immer und immer wieder reinlese. Das Leben Arthur Koestlers war ein interessantes, ab und zu absolutistisches, manchmal liberales (je lter, desto klger). Er war ein Biest, aber ein

intelligentes. Deshalb brachte er sich im Alter selbst um. Fr den mitteleuropischen Leser, zum Einstieg, wrde ich jedoch "Scum of the Earth" empfehlen, das wesentlich leichter zu lesen ist. Lest Koestler! Er ist Gold wert!

Kurzbeschreibung Arrow in the Blue is the first volume of Arthur Koestler's autobiography. It covers the first 26 years of his life and ends with his joining the Communist Party in 1931, an event he felt to be second only in importance to his birth in shaping his destiny. In the years before 1931, Arthur Koestler lived a tumultuous and varied existence. He was a member of the duelling fraternity at the University of Vienna; a collective farm worker in Galilee; a tramp and street vendor in Haifa; the editor of a weekly paper in Cairo; the foreign correspondent of the biggest continental newspaper chain in Paris and the Middle East; a science editor in Berlin; and a member of the North Pole expedition of the Graf Zeppelin. Written with enormous zest, joie de vivre and frankness, Arrow in the Blue is a fascinating self-portrait of a remarkable young man at the heart of the events that shaped the twentieth century. The second volume of Arthur Koestler's autobiography is The Invisible Writing. Pressestimmen "A brilliant and deeply moving record of a whole generation as well as of an individual" \* The Observer \* "The cumulative effect is overwhelming" \* New Republic \* "He is a journalist of ideas on a very high level - the kind we lack and need in this country - who functions midway between the realms of art and of society, but whose function is indispensable, if thought is to be part of culture" \* Saturday \* Kurzbeschreibung Arrow in the Blue is the first volume of Arthur Koestler's autobiography.
