Von Ian Hughes : Belisarius: The Last Roman General before purchasing it in order to gage whether or not it would be worth my time, and all praised Belisarius: The Last Roman General:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. All about Rome's last heroVon DavidThe book gives a detailed and interesting insight into Flavius Titus Belisarius life and also offers interesting views in military aspects of the Age. Although the author seems to follow Prokopius accounts a bit too fervently sometimes, this book is definitely worth reading if you are interested in the life of this

forgotten giant.

KurzbeschreibungA military history of the campaigns of Belisarius, the greatest general of the Eastern Roman (Byzantine) Emperor Justinian. He twice defeated the Persians and reconquered North Africa from the Vandals in a single year at the age of 29, before going on to regain Spain and Italy, including Rome (briefly), from the barbarians. It discusses the evolution from classical Roman to Byzantine armies and systems of warfare, as well as those of their chief enemies, the Persians, Goths and Vandals. It reassesses Belisarius' generalship and compares him with the likes of Caesar, Alexander and Hannibal. It is illustrated with line drawings and battle plans as well as photographs.
