**Von William W. Johnstone : Betrayal in the Ashes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Betrayal in the Ashes:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Just Ashes Von Ein Kunde "Betrayal" is less strident than Mr. Johnstone's work, but it is still difficult to read. Rather than

draw interesting characters, Mr. Johnstone resorts to trite stereotypes. The protagonist, Ben Raines, offers the only shred of interest in the book. Apparently, he is a brilliant military leader who enjoys risking his life in commando-style warfare behind enemy lines. Anyone who has actual combat experience knows that even the most skilled soldier can have an unlucky day (and greatly shortened life). Given the number of "Ashes" books on the shelf, Mr. Raines has a career only found in comic books. Overall, "Betrayal" was a bit better than "Hunted" or "Breakdown." My only thought is that Mr. Johnstone has found a group of people who will buy his books... no matter what he writes. If so, he is a good salesman, but I cannot possibly describe him as a good writer. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another grab-you action title by W.W. Johnstone Von Ein Kunde This is yet another installment of the well witten, but not always well-edited (not the author's fault) of the Ashes series. I personally think that Mr. Johnstone has developed some of the best characters in recent fiction. Bear in mind that there are now 20+ titles in the series and I wait on pins and needles for each one. Not many authors can keep a series going this long. Till Martians wipe out the Rebels, Make mine Ashes!

Kurzbeschreibung Time To Pay Up As America continues its struggle to rise from the ashes of apocalypse, Europe is slowly dying. Cannibals, looters and vandals have overtaken the streets of the once great cities. And Bruno Bottger, the Neo-Nazi monster, has brought forth a new Reich bigger, stronger and more chillingly efficient than ever. There is no force in Europe that has a snowball's chance in hell of stopping him. Only one force in what's left of the world can do the job: Ben Raines and the SUSA Rebeles.
