Von INT Media Group, Joe, Ph.D. Burns : Beyond HTML Goodies before purchasing it in order to gage whether or not it would be worth my time, and all praised Beyond HTML Goodies:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A wonderful book for allVon Detra FitchI have this man's complete series of HTML books. Any time my friends or I have a question, the answer is in one of these!

KurzbeschreibungGo beyond the basics and learn how the pros add and use dynamic HTML features and advanced JavaScript techniques. Beyond HTML Goodies demonstrates dozens of new and different features readers can add to their existing Web pages using HTML and JavaScript. The book starts with simple text and image tips, such as adding a clock to a Web page or causing text to appear when the mouse moves over an image. It gradually builds to more

complex tricks, including manipulating forms or working with cookies behind the scenes. Throughout the book, readers enjoy Joe's snappy style and "to the point" discussion of each "goody" in the book. **Kurzbeschreibung** Go beyond the basics and learn how the pros add and use dynamic HTML features and advanced JavaScript techniques.
