RecommendedVon M. R.Art is one of the very few trustworthy people in the spiritual marketplace that is crowded be

all kinds of frauds. I don't know anything about enlightenment but this book has been written by a wise man who allways impresses me with his open heart and mind.

Kurzbeschreibung Ticknor's work is a beautiful story of despair and hope: a family man with a fine life and a gnawing emptiness of meaning, who finds himself on a wild ride of a spiritual path. Ticknor shares his lessons and discoveries - from human failings to transcendent revelations with an insider's view of what it means to be a modern spiritual seeker. It is a book that will give you chills - because a part of you will recognize the truth being spoken. If you are a fan of nonduality, advaita, Adyashanti, Eckhart Tolle, and other spiritual literature, you will find this a worthy addition to your bookshelf.
