Von Alfred Edersheim : Bible History: Old Testament: Books One Through Four (The Works of Alfred Edersheim Book 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bible History: Old Testament: Books One Through Four (The Works of Alfred Edersheim Book

4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. Great One-Volume workVon Ein KundeOriginally written in a number of volumes, this book is now available it a single-book volume. This is nice in that it does not take up much space on your shelf.Written from a Jewish Christian perspective, Edersheim gives the reader valuable insights of the Israelite history and way of life, all the while linking it to the plan of salvation.This is a very good doctrinally sound (and affordable) commentary on the O.T.3 von 3 Kunden fanden die folgende Rezension hilfreich. thought-provoking bookVon Ein KundeEdersheim probably had no idea people would still be reading his book hundreds of years after he wrote it so some of this book concerns itself with refutations of other authors modern-day readers will have never heard of. Otherwise, this is a fascinating look at the Old Testament. The reader will find several themes that Edersheim attaches considerable attention to that really pull the Old Testament together. This is a wonderful book!2 von 3 Kunden fanden die folgende Rezension hilfreich. Good for intense studyVon Ein KundeI have always found Edershiem to be an excellent author and gifted theologian but reading this book just backed that up. The reader however, must take into consideration that it was written in the 1800's, so some of the theology and doctrine of it may still be from the middle-ages. Beyond that, he makes excellent points and really stretches the mind. If the reader is serious about learning theology and Bible history, this is a good book.

KurzbeschreibungIn this book Alfred Edersheim looks at a large array of different aspects of Old Testament history. He states that In writing [this book] I have primarily had in view those who teach and those who learn, whether in the school or in the family. But my scope has also been wider. I have wished to furnish, what may be useful for reading in the family,--what indeed may, in some measure, serve the place of a popular exposition of the sacred history. More than this, I hope it may likewise prove a book to put in the hands of students, to show them what the Bible really teaches."KurzbeschreibungIn this book Alfred Edersheim looks at a large array of different aspects of Old Testament history. He states that In writing [this book] I have primarily had in view those who teach and those who learn, whether in the school or in the family. But my scope has also been wider. I have wished to furnish, what may be useful for reading in the family,--what indeed may, in some measure, serve the place of a popular exposition of the sacred history. More than this, I hope it may likewise prove a book to put in the hands of students, to show them what the Bible really teaches."BuchrckseiteIn his Preface to this classic work on the Old Testament, Alfred Edersheim describes his purposes and intended audience. Edersheim wrote this volume for "those who teach and those who learn....to furnish what may be useful for reading in the family...not only to show them what the Bible really teaches, but to defend them against the insidious attacks arising from misrepresentation and misunderstanding of the sacred text". Further, Edersheim wrote this work "in a form so popular and easily intelligible as to be of use to the Sunday-school teacher, the advanced scholar, and the Bible-class, progressing gradually from the more simple to the more detailed". The Scripture narrative is discussed according to the order of the books of the Bible, chapter by chapter, with biblical references clearly marked to enable the reader to easily find the passages being explained.
