Von Paul Tillich : Biblical Religion and the Search for Ultimate Reality before purchasing it in order to gage whether or not it would be worth my time, and all praised Biblical Religion and the Search for Ultimate Reality:

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. It is a very beauty work.Von Ein KundeThis book is great. when we read the book, we find the new possibility.But It is not perfect.He said, Christianity is not seperated from contemporary phiiosophy.Therefore We who believe in God can expoud to the phiiosopher who deny God severely. I respect him to try speaking the the phiiosopher .You,too may

assent.

Kurzbeschreibung Dr. Tillich shows here that in spite of the contrast between philosophical and biblical language, it is neither necessary nor possible to separate them from each other. On the contrary, all the symbols used in biblical religion drive inescapably toward the philosophical quest for being. An important statement of a great theologian's position, this book presents an eloquent plea for the essential function of philosophy in religious thought.
