Von Al Jensen : Big Al's C: Standard C (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Al's C: Standard C (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Many examples.Von XenomorphThere are books which are full of theory. Blah-blah over endless pages... But when something is foggy, you are on your own to figure it out. - However, this guy really has put a lot of examples of ACTUAL code that you could ACTUALLY use.E.g., he does not shun away from file I/O, a topic many other books skip.

KurzbeschreibungC is a powerful language, but for the first time user it can seem downright wonky. This book has

over 200 sample programs to guide you past C's myriad stumbling blocks. Special emphasis is placed on covering pointers and pointer arithmetic, as well as handling user input. Buy this book!
