Von Chris Claremont : Black Dragon before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Dragon:

A graphic novel for mature readersVon Ein KundeDemonstrating a great knowledge of the folklore and mythology of the British Isles, "The Black Dragon" weaves a story of intrigue around the time that Christianity began displacing the original religions of the Isles. The story is mature, but frankly presented, which may make it unsuitable for young

readers. While the story does not contain gratuitous violence or sexuality, it does deal with these issues as real occurrences of life. Those easily offended by frank displaying of this subject matter may want to investigate further before buying. However, the story and the artwork make this an enjoyable graphic novel for those mature enough to handle such sensitive materials.0 von 0 Kunden fanden die folgende Rezension hilfreich. Stupendous!Von Ein KundeA masterful story by Chris Claremont, and beautiful art by John Bolton. This is graphic novel storytelling at its finest. The hero is remarkably realistic; it is very easy to identify with him. Good attention has been paid to historical details; I found myself wanting to know more about Eleanor of Aquitaine. This is one of Claremont's finest works ever. Features a new introduction by Anne McCaffrey. Very highly recommended.

KurzbeschreibungA classic collection from Chris Claremont (Spider-Woman, Fantastic Four, Wolverine) and John Bolton (Books of Magic, Evil Dead: Army of Darkness). This thrilling mix of swordplay and mythological terror finds exiled knight James Dunrith - the Black Dragon - banished for necromancy and heresy. He returns home to find England in turmoil and is recruited by the beautiful Eleanor of Aquitaine to rally the powers of Nature against a ghastly tide of evil!Pressestimmen"A timeless tale of swords and sorcery by two masters of the medium" -POP MYTHOLOGY"A convincing portrayal of this tempestuous time" Big Comic PageKurzbeschreibungA classic collection from Chris Claremont (Spider-Woman, Fantastic Four, Wolverine) and John Bolton (Books of Magic, Evil Dead: Army of Darkness).
