**Von Tony Geraghty : Black Ops: The Rise of Special Forces in the CIA, the SAS, and Mossad** before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Ops: The Rise of Special Forces in the CIA, the SAS, and Mossad:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Waste of time and moneyVon mallmesI read a lot of books dealing with Special Forces and this was one of the worst. The

whole book seems to be a sequence of short incoherent information without drawing any conclusions and only touching on a subject with 5-10 sentences. Out of 440 pages 190 pages are appendix! I cannot recommend to read this book even if you are looking more for history than action. This book is a complete waste of time and money. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Bestellung Von Christoph Arndt Lesenswerter berblick fr alle die mal ein bisschen in alles was sich Black Ops von den "Normalen" nennt Einlick haben wollen.

Kurzbeschreibung A hard-hitting history of special-forces operations over the past fifty years in the United States, United Kingdom, and Israel. After eight challenging years in Afghanistan, the new U.S. strategy, aimed at winning hearts and minds rather than search-and-destroy, refocuses the conflict on Special Forces: unorthodox soldiers who work outside of traditional military forces to combine secret military operations with nation building. Tony Geraghty, an expert author in this field for almost thirty years, unveils the extraordinary evolution of this refined style of war-making from its roots in anti-guerrilla warfare in Ireland and Palestine, by way of the creation of the C.I.A., the S.A.S., the Green Berets, Americas Office of Strategic Services (O.S.S.), and many others, including Mossad. This history is more than a tale of derring-do, although James Bond-like characters stalk every page. It is a sweeping examination of Black Ops at a time when they represent the future of an open-ended global war against terrorism. Pressestimmen Geraghty, an expert in the evolution of war tactics, explores the building blocks that propelled the creation of special forces wings within the American, English, and Israeli military. He touches on everything from the Bay of Pigs to the Afghan drug trade.
