Von Anthony Edwards : Blackstone's Magistrates' Court Handbook 2014 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Blackstone's Magistrates' Court Handbook 2014:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. The best selling guide....Von Phillip Taylor MBE[[VIDEOID:mo29MMASTPNIDS8]]TO THE MAGISTRATES COURTS IN THE NEW EDITION FOR 2014An appreciation by Phillip Taylor MBE and Elizabeth Taylor of Richmond Green ChambersIf somewhere there is a handier and more useful guide to practice and procedure in the magistrates court, we dont know about it. Busy -- not to mention pressured -- criminal practitioners everywhere will certainly welcome this latest edition of Blackstones Magistrates Court Handbook 2014 recently published by the Oxford University Press.This practical and well nigh indispensable guide is part of the OUPs brilliant series of handy, portable volumes created to help practitioners in, for example, the police station as well as the Crown Courts and Youth Courts. Speaking of which, those who practice regularly in the Youth Courts will be interested to know that the Blackstones Youth Court Handbook 2014 -2015 is also out now. Both volumes, as well as other volumes in the series, can truly be described as gems. Measuring no more than 4 by 7 inches, with plasticated covers, these volumes deliver on average over 700 pages of vital material.In particular, The Magistrates Court Handbook 2014 aims -- in the words of author Anthony Edwards --to provide a practical resource to busy criminal lawyers seeking answers to the common and some not so common issues that arise at court. This resource in particular, has been organised for easy accessibility with any number of aids to navigation, from tables and flow charts, to boxed, shaded sections and some handy icons which flag up such key points as sentence and dangerous offender.The overall intention, says the author, is to provide a convenient source of answers to questions that arise pre-trial at the magistrates court level. To this end, the cross-referencing to Blackstones Criminal Practice 2014 which guides the reader to further and in-depth commentary is especially useful. To cite more examples, also note the essential extracts from the Magistrates Court sentencing guidelines and the new appendix which lists indictable-only offences.You might also remark that this apparently small volume offers a remarkably wide selection of research resources, namely fifty or so pages containing tables of cases, primary legislation, secondary legislation, conventions and practice directions, plus seven appendices and an index of over forty pages at the back. The books major benefit is that it brings together a wide, diverse and yet pertinent range of material together in one convenient place, which is why all criminal practitioners should always have a copy. The law is stated as at 31 May 2013.

KurzbeschreibungThe new edition of the bestselling Blackstone's Magistrates' Court Handbook provides a complete practical guide for the busy practitioner. Incorporating essential extracts from the Magistrates' Court Sentencing Guidelines, it offers all you need in one trustworthy source. Covering all the key aspects of magistrates' court practice, the book focuses on the areas most likely to arise at short notice requiring an instant response from the advocate, as well as on those offences most frequently experienced at court, such as public order, drugs, weapons, driving, criminal damage, and sexual offences. Blackstone's Magistrates' Court Handbook 's easy-to-use pocket-sized format facilitates quick reading and instant decision-making. Tables, flow-charts, and a clear system of icons aid comprehension and speedy navigation. Cross-referencing to Blackstone's Criminal Practice 2014 provides you with easy access to in-depth commentary.KurzbeschreibungThe new edition of the bestselling Blackstone's Magistrates' Court Handbook provides a complete practical guide for the busy practitioner.
