levels. However, it is also full of love, compassion, and hope despite all odds. The bad guys (and girls) are evil, so in return, the main character, Ben Raines must be equally ruthless. Hopefully *Blood in the Ashes* will serve as a wake up call to all out-of-closet liberals that are demolishing the American dream of an independent, hard working, educated people. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great writing. Von Kevin M. Cox This book is full of deceit, while it doesn't fool you, the reader, it fools the characters of the book pretty well. It's got a bit of everything in it: betrayal, double-crosses, prisons, sex, violence, no rock and roll but I am sure you people can live without it.

Kurzbeschreibung "Blame the mothers and fathers and lawmakers and politicians and judges and TV programmers and sports heroes if you want to know why the young aren't civilized." --BEN RAINES Through Darkest America After nuclear apocalypse brought civilization to its knees, one man rose up to lead a once-great nation out of the ashes. When everything fell apart, it was Ben Raines, heroic soldier and survival expert, who became the leader that freedom-loving, law-abiding people everywhere could rally around. Now a bloodthirsty religious cult called the Ninth Order is spreading a doctrine of hate across the land. Soulless and sadistic, they're sending their fanatical armies against Raines and his Rebels, plotting treachery within his own ranks. If their terrible plan succeeds, Ben Raines will die. . . and so will all his dreams for the future of America.
