Keeping the main thing the main thingVon p.schmeroldI highly recommend this book if you wanna go deeper in God. You can tell that Eric knows the one he is talking about.A few years ago the Lord led me to study the lives of the mystics and their prayer disciplines. My life got forever changed. I believe got is raising up true "mystics" once again, who are not merely experience-seekers (which is the case with many so-called "modern-day mystics") but are entirely devoted to

the Master through their inner-life/communion with Him.0 von 0 Kunden fanden die folgende Rezension hilfreich.

KurzbeschreibungGod is raising up mystical wonder workers who seek oneness with God through surrender and bleed
deliverance to this sin sick world. These are the Jesus people, possessed by God and manifesting Him in character,
power and wisdom. In this book lies the pillars to becoming Jesus people. This book will be a manual to fuel the
revolution of those who bear Christ's image in the earth. May God consume your life and swallow up everything
contrary to Him with the glorious pleasure of Himself.KurzbeschreibungGod is raising up mystical wonder workers
