The most accurate record of the modern Air National GuardVon Ein KundeThis is the most accurate and complete record of the Air National Guard and the maturity of Total Force Policy. Total Force Policy changed the culture of both the

Air Force and Air National Guard and forged these two components of our "Total Air Force" into an effective team. Lt Gen Conaway provides an insight into the modern Air National Guard that will help military planners keep history's military success stories alive. I recommend this book to anyone who wants to what the tradition of the minutemen of 1776 has become in modern times
