Von Valerie Campbell : Camp 165 Watten before purchasing it in order to gage whether or not it would be worth my time, and all praised Camp 165 Watten:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Inspiration fr eine SchottlandreiseVon KundeDa mir mein Vater vom POW-Camp in Watten erzht hat, hab ich mir dieses Buch gekauft. Tatschlich fand ich darin ein Bild von ihm.Ein Jahr spter fuhr ich nach Schottland und auch nach Watten. Die Autorin, Fr. Campbell hab ich dort nicht gefunden.Aber das Ehepaar, dem die einzige BB Pension gehrte, konnte mir Auskunft geben. Sie zeigten mir das ehemalige Lagergelnde. Ich konnte die Farm besuchen, auf der mein Vater als POW arbeitete. Der Hhepunkt war ein Besuch bei einem Freund meines Vaters, der als Knecht, auf der gleichen Farm wie mein Vater arbeitete. Die beiden hatten sich nach dem Krieg nicht wieder gesehen, nur in den

achtzigern mal Briefe geschrieben. Ein wunderbares Erlebnis!! Danke Fr. Campbell.

Kurzbeschreibung This is a new and expanded second edition of the best-selling first edition. The author has provided an in-depth historical account with new information on a number of prisoners including the eminent Professor Klaus Eggers; Karl Haensel, a former rear gunner who remained in Caithness after his release and Dr. Albert Bisping whose tragic story of a lost love unfolds. There is also the remarkable account of former Cameronian Alan 'Nobby' Noble who was given the vital role of establishing the camp. The impact in Caithness of Hitler's Aryan policy is also described as well as new stories of lost friendships and lasting legacies. The camp held a number of SS officers including prominent prisoners such as Gunter d'Alquen, the journalist; Otto Kretschmer, the 'Wolf of the Atlantic'; and Paul Werner Hoppe, former commandant of Stutthof Concentration Camp in Poland. The history of its inception and creation are described, as is the daily life of the prisoners. Local people give their account of the camp with many having fond memories of the theatre groups and orchestras, one of which played at a local girl's wedding! The camp had a profound effect on Caithness which endures to this day through the friendships built up over its time as Prisoner of War Camp 165. It brings together a plethora of information with links to other camps, not only in the UK. The role of the London District Cage, infamous for its interrogation of prisoners of war, is also explored as is its impact on the camp's history, including the case of the scientist Paul Schröder who worked on the V2 bomb.
