Von William Hendriksen : More Than Conquerors before purchasing it in order to gage whether or not it would be worth my time, and all praised More Than Conquerors:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A classic interpretation, recommended for the laymanVon rossukThis is a classic interpretation of Revelation and one that I

recommend for the layman. The first edition came out in 1939. It is of the idealist and Amillennial School, which makes Revelation meaningful today and not just to the future. He recognises that the purpose of Revelation is to 'comfort the militant Church in its struggle against the forces of evil'. It is not a verse by verse commentary, he discusses one passage at a time, which means that the book is readable. He is, as you would expect, thoroughly biblical and avoids the speculative nonsense that surrounds Revelation today. If you want a scriptural interpretation of Revelation then I warmly commend this book to you.0 von 0 Kunden fanden die folgende Rezension hilfreich. On it's way to the 'classic' list!Von Kathy LakeBy and far one of the best books wriiten on The Revelation of Jesus. Easy to read and follow, even for the layman. If you want biblical accuracy, this book is a must for your library! Howard Hendriksen was richly blessed with an insight for truth, and has layed the book of Revelation out so simply. Never fear again some of the rhetoric of today concerning God's message for His Church. You will view the book of Revelation for what it is; A blessed message of hope to Christ's Church triumphant! Hendriksen clearly demonstrates the unity of scripture throughout the book of Revelation as well as throughout the entire Bible. He shows how the book was written in figurative/symbolic/parable type style and how the reading of The Revelation read literally makes no sense. All of the symbolical images have their root in scripture, and Hendriksen walks the reader through the Bible to show the origin. This is more than an interpretation, it is Biblical teaching at it's best. An indispensible study tool. Another excellent book is 'The Momentous Event' by W.J. Grier also, 'Biblical Studies in Final Things' by William E. Cox0 von 0 Kunden fanden die folgende Rezension hilfreich.
