**Von Anthony Blossingham : Mr.Crane if you please (Mr.Crane Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mr.Crane if you please (Mr.Crane Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Mr. Crane, YES PLEASE! Von Ein Kunde This is such a great read! It's dedication made me almost cry, then the story just swept me away. I don't get much time to read but this novel was divided by smaller chapters. The ending of each chapter was perfect because it made me want to continue reading. I spent my last twelve dollars on this book and it

was well worth it. The ending was perfect, I could see this novel becoming a movie. At least I hope it will be.

Kurzbeschreibung Arcadia Michigan is a quiet, sleepy village on the shores of Lake Michigan. The Western shore, dotted by beautiful homes and tranquil sites holds a very dark, sinister secret. Anthony Blossingham put himself in the footsteps of one of the most notorious contract killers in History. You'll buy the book because you think you'll recognize the places that he visits, you'll tell your friends about it because you can't believe something like this could be so close. You'll go to sleep thinking about it because you're so sure of how safe you are. You checked all the windows, checked all the locks....right? Stop reading this blurb and go buy the book. Might just prepare you for what's coming.
