Von Hugh Kennedy : Muslim Spain and Portugal: A Political History of al-Andalus before purchasing it in order to gage whether or not it would be worth my time, and all praised Muslim Spain and Portugal: A Political History of al-

Andalus:

Kurzbeschreibung This is the first study in English of the political history of Muslim Spain and Portugal, based on Arab sources. It provides comprehensive coverage of events across the whole of the region from 711 to the fall of Granada in 1492. Up till now the history of this region has been badly neglected in comparison with studies of other states in medieval Europe. When considered at all, it has been largely written from Christian sources and seen in terms of the Christian Reconquest. Hugh Kennedy raises the profile of this important area, bringing the subject alive with vivid translations from Arab sources. This will be fascinating reading for historians of medieval Europe and for historians of the middle east drawing out the similarities and contrasts with other areas of the Muslim world.

Pressestimmen "xxx;a clear introduction to a complex political story embracing nearly eight centuriesxxx;" "Times Higher Education Supplement"
