Von Brad Miser : My Pages, Numbers, and Keynote (for Mac and iOS) (My...) before purchasing it in order to gage whether or not it would be worth my time, and all praised My Pages, Numbers, and Keynote (for Mac and iOS) (My...):

Kurzbeschreibung Be More Productive with Pages, Numbers, and Keynote Pages, Numbers, and Keynote are Apples office/business productivity software applications. Originally a suite of software called iWork, these apps are roughly the equivalent of Microsoft Offices Word, Excel, and PowerPoint but implemented quite differently with Apples approach to design and functionality. Written by Apple hardware and software expert, Brad Miser, My Pages, Numbers, and Keynote includes full-color, step-by-step tasks to walk you through these key applications, so you can quickly accomplish exactly what you want through word processing, spreadsheets, and presentations. The tasks include how to: Store your documents on the cloud so you can work with them on any device, including Mac and Windows computers, iPads, and iPhones.
