This book has very lengthy and heart-felt prayers for a large number of topics. There are prayers for: the sick, for our country, for holidays like Christmas Eve, for children, for parents, for travelers etc. The list goes on and on and on! It is truly a useful addition to anybody's prayer time. It is also interesting to think that others may be praying the same prayer as you are!0 von 0 Kunden fanden die folgende Rezension hilfreich.
