Von Biblical Studies Press : NET Bible First Edition (with notes) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised NET Bible First Edition (with notes) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Great Bible for the Kindle!Von fluffinessThis is one of my favorite versions of the bible for my Kindle. It is great for studying due to the many notes. The translation is easy to read and the navigation though the text is really easy. I am so glad I bought this bible. A major benefit is that you can choose if you want to use it to study or just to read. You can also just go on reading though the notes, which at times I do because they in themselves are a interesting read!Thanks,

this is good work!

KurzbeschreibungThe NET Bible is a modern English version, with 60,932 footnotes that help explain the translation. It's an entirely new way of looking at translation, that the translators themselves justify the words they choose and provide bibliographic, linguistic and textual support for those words. This is a premium version for the Kindle with all of the 60,932 footnotes. The content conversion for the eBook version in the mobi/azw format is done by OSNOVA (osnova@gmail.com).
