the same fun as the rest of the series Von Art Bickle (sac56621@csus.edu) This book, as are all of the Clearwater Crossing books, is truly enjoyable. I read my copy in about five hours of straight reading, ending at four in the morning. I would have liked a little more of a spiritual perspective when the Junior Explorer gets lost (I'm trying not to spoil anything that isn't spoiled by reading the back of the book) but that doesn't appear to be Roberts' style. Again, Ben is really downplayed, so we never see him except when he is involved with the other characters. The cliffhanger is a bit less dramatic this time, and it lacks some of the crisis situations of the second and fourth books. Oh, and if you're wondering who the new people are on the cover: I'm afraid I don't know either. We don't seem to be adding any important characters.

It showed so much emotion when Peter lost Jason at winter camp. The whole community showed such appreciation and concern for finding the boy. They all helped so much. This book really showed how many things go on during a holiday and to remember what is really important to you not just to find pleasure in getting a gift from others but to care for everyone and not be selfish. This book definitely deserves 5-stars plus.

I think it's neat that finally there is an author that writes about religion and the difficulties that teenagers face every day. I think this is a series that someone can learn things from and learn a good lesson from! Not everyone is perfect in the real world and these books prove that everyone has problems to face. I recommend this series to anyone who likes reading a good book. :-)

Kurzbeschreibung Amid the hustle and bustle of preparing for Christmas, Nicole can barely find a moment to breathe. She can't wait for winter break until her parents drop a big bombshell. Melanie's last-minute holiday plan is just a teensy bit complicated. First, she needs to keep it secret from her dad, and second, the scheme involves a major mileage road trip. Will Jesse's sleek BMW come to her rescue? Peter and Jenna have dreamed up the best gift ever: winter camp for the Junior Explorers. But the fun stops short when an Explorer disappears . . . and Eight Prime must find the child before it's too late.
