culture, tradition and believe systems. After reading this, I can only say that I find numerology to be very random. In my personal opinion, the author sets out using random numbers and giving them random attributes. I understand that people in ancient and medieval times were trying to predict the future by all means available, but it's just not timely anymore. What if I use a different calendar and get a different number for myself? Then the entire theories presented in this work are already left completely useless. Apart from that, descriptions are held so vaguely that they can basically fit on anyone. I do thank Harish Johari for the insight, but I find this believe system very outdated.

Es ist nicht gerade ein dicker Welzer aber voll gepackt mit Informationen. Das Preis - Leistungsverhältnis ist sehr gut. Wer sich mit Numerologie beschäftigt und andere Bücher schon zu diesem Thema gelesen hat, wird von diesem Buch begeistert sein. Es ist ein anderes Rechensystem, also die Buchstaben werden mit anderen Zahlen in Verbindung gebracht. Dies hat das Ergebnis, dass wir dadurch auch ganz andere Zahlenbedeutungen bekommen. Für die jeweilige Zahl stehen auch Empfehlungen drin, z.B.: zu Verhalten, was gemieden werden sollte, Meditation usw.

**Kurzbeschreibung** For the first time, a Tantric scholar and expert in the Hindu traditions of Ayurveda and astrology presents a system of numerology that combines numerical calculations, astrological data, and an analysis of body type. He illustrates the Vedic Square and the visual patterns that can be derived from it, casting a revealing light on the more esoteric interpretations of numbers and their relationship to one another. Recommendations are given regarding strong and weak periods of day or year, favorable colors and precious stones to be worn, and meditations and mantras to be practiced for health and prosperity. Explains how to determine the psychic number, name number, and destiny number; how these numbers relate to each of the nine planets, and how they apply to every aspect of life--including personality, temperament, intelligence, talents, sexuality, spirituality, finances, travel, and health.

**Pressestimmen** "Harish Johari served as guide to Richard Alpert (Baba Ram Dass) on his initial excursion into mystic India and continues his vocation of bridging the East/West gap. A true renaissance man, this distinguished North Indian poet, sculptor, and musician holds degrees in philosophy and literature."
