Kindle.Synopsis A grand tour of some of Vermont's most interesting and undervalued places, this guide ranges from the Domestic Resurrection Circus performed by giant puppets in Glover, to the Dowser's Labyrinth in Danville, to the birthplace of Joseph Smith, one of the founders of the Mormon Church, in Sharon. Vermont is full of quirky places and colourful history, and "Off the Leash" goes beyond the world of tourism to explore "the richness of life and the treasures in it, and how we lose these things in a world that seems to be mostly about speed and cash". It is a guide that should interest anyone with a taste for eccentric stories, for small-town dramas, for the way our places make us who we are.
