Von Kenneth McAll M.D. : Oh, Taste and See: The Life of Kenneth McAll (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Oh, Taste and See: The Life of Kenneth McAll (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Astonishing experiencesVon AlanGlasperI'm glad I took the time to read this. His experiences of mission work in China are astonishing, and one gains a sense of the total commitment to a life of faith such work demands. The style is informal and sometimes badly structured with mistakes and omissions, more like typed-up notes. But it gives a sense of sitting with the author and hearing his stories, spontaneously told. I loved it and was sorry there was not more about his life after China. I recommend reading his book on Healing The Family Tree if you want to understand his spiritual work (there's a Kindle edition).0 von 0 Kunden fanden die folgende Rezension hilfreich. Befreiung!Von Mag Michael SteinhuberHochinteressant! Schade, dass dieses Buch nicht auch auf Deutsch erhltlich ist. Dr. McAll bewegt sich in

einem auch praktizierenden Christen weitgehend unbekanntem Bereich.

KurzbeschreibungThe story of the life of a missionary doctor to north China, working along Miao Zaidong and Schaink Hai Scheks forces and the Japanese army before and during World War 2. God was with him, guiding and directing every action that he took. Miracles took place as a result of this guidance in North China as well as in a Japanese prison camp where he and his wife and child were placed after Pearl Harbor and spent 4 years. This is a story of a man's obedience to God's guidance.
