Von Talbot Mundy : OM The Secret Of Ahbor Valley (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised OM The Secret Of Ahbor Valley (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Unusual spiritual Novel - A world gone with time - India during the 1900-1930 periodVon RubedoIt is a narative of an unusual English man in India - giving insights into a way of life within the British service in India around the 1920... I enjoyed the novel - mostly because it exudes a certain calmness and has some gems of wisdom spread in it from a Tibetan lama who is most of the time an enigma in this novel. Some parts of the story became quite repetitive or foreseeable...

but the last chapters were definitely worth going through the entire experience. All in all I love old stories with some spiritual content and this had me captured for moments. Not the best novel of this type of genre but very enjoyable with interesting historical insights of a certain type of character which I miss in the modern world - sometimes. I love as well that it gives a word how the Western world looked from an Oriental standpoint... something the West often forgets. It brought a possibility through which I enjoy musing - what if the presence and enthusiasm of the Western world would come together with the eternal wisdom of the East? What if we serve the higher love instead of self-interest...? As for some individuals live it beautifully already...1 von 1 Kunden fanden die folgende Rezension hilfreich. Are you ready for enlightenment? Read this book.Von AcugalRead this book and remember how your life is a path full of testing and initiations. We are all led by higher goals, if we so choose. This book will make you feel a part of something grand.It will also make you laugh and feel alive.

KurzbeschreibungTalbot Mundy (born William Lancaster Gribbon) (April 23, 1879 August 5, 1940) was an English writer. He also wrote under the pseudonym Walter Galt.Born in London, at age 16 he ran away from home and began an odyssey in India, Africa, and other parts of the Near and Far East. By age 29, he had begun using the name Talbot Mundy, and a year later arrived in the United States, starting his writing career in 1911.His first published work was the short story "Pig-sticking in India", which describes a popular, though now outlawed, sport practiced by British forces. Mundy went on to become a regular contributor to the pulp magazines, especially Adventure and Argosy.Many of his novels, including his first novel Rung Ho!, and his most famous work King of the Khyber Rifles, are set in India during the British Raj in which the loyal British officers encounter ancient Indian mysticism. The novels portray the citizens of Imperial India as enigmatic, romantic and powerful. His British characters have many encounters with the mysterious Thuggee Cults. The long buildup to the introduction of his Indian Princess Yasmini and the scenes among the outlaws in the Khinjan Caves clearly influenced fantasy writers Robert E. Howard and Leigh Brackett. Other science-fiction and fantasy writers who cited Mundy as an influence included Robert A. Heinlein, E. Hoffmann Price, Fritz Leiber, Andre Norton,H. Warner Munn, Marion Zimmer Bradley and Daniel Easterman.James Hilton's novel Lost Horizon was partly inspired by Mundy's work.His related Jimgrim series, which has mystical overtones and part of which is available over the web from theosophical sites, ran in Adventure magazine before book publication. Mundy was associated with Theosophy's movement, a friend of Katherine Tingley.Beginning in the late 1920s Mundy wrote a number of stories about Tros of Samothrace, a Greek freedom fighter who aided Britons and Druids in their fight against Julius Caesar.KurzbeschreibungTalbot Mundy (born William Lancaster Gribbon) (April 23, 1879 August 5, 1940) was an English writer.
