Von John L. Payne : Omni Reveals the Four Principles of Creation (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Omni Reveals the Four Principles of Creation (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Four Powerful Keys of CreationVon Stella Carrier"Omni Reveals the Four Principles of Creation" by John L. Payne is a very magical, healing, and uplifting book. This book contains an abundance of healing, powerful, and helpful

information in the span of what is currently just 176 pages at the time of this review (only because I am obviously aware that it may be reprinted more or less pages as time goes by). However, I dare venture to say that this book is going to be around for many more years to come because of the valuable information contained within. The following is some of the transformative information that is included in "Omni Reveals the Four Principles of Creation": 1) Who and what are spirit guides? Information is discussed on where spirit guides come from. 2) What is the importance of meditation? The meaning of, and persuasive reasons are given on why meditation is essential for connecting to your higher self (a helpful exercise on how to start is included). 3) What is a soul mate? Details are covered on the meaning and the possible potential numbers of soulmates that one encounters in their lives. 4) So how did we get here, and where did we come from? There is some very interesting writing expressed on the reason for the various human races, and an even more interesting take on some ancient texts. 5) Why do we experience physical death and disease, and how to slow the aging process? There is some unique information covered on how joy and belief systems are strongly linked to the aging process and life longevity. 6) What is our greatest blockage to creating what we want? I really appreciated that this was included because I come away with increased insight on what I find helpful for me to transform each time I read (and reread) this part. Practical and insightful details are included on what is important to be considered in creating desired results. 7) Chapter 4 has some insightful and in-depth writing on that is devoted to the concept of reality creation: This chapter provides encouragement and gentle reminders on what to be aware of regardless of external circumstances. 8) Illuminating answers to questions about sexuality: I admit that this chapter was very interesting and enlightening to me because it helped me to further understand many essential concepts behind sexual behavior that opened my eyes to why sexual energy is creative energy and the most powerful energy in the Universe. Information was discussed behind the root cause of the religious beliefs around topics such as premarital sex and sexual orientation. The answers given made practical sense to the truth-seeker side of me. 9) The benefits of experiencing joy in relation to connecting with your higher self (pg. 95): Finding out about how essential positive emotion is to experiencing a connection to your higher self was very important to me because of the fact I am now more aware of the role of joy and passion in fulfilling my life purpose. There are great ideas discussed on abundance and how to be more forgiving and non-judgmental. There is much more healing and insightful information covered in "Omni Reveals the Four Principles of Creation" (I admit to only including what is my intent to be a helpful sampler). What I enjoy about this book is that you can also read it if you are very busy in time. I first read this book when I was still in the navy, and was able to successfully finish the reading because it is structured in a way where the reading is engaging and can be completed within a few hours. This is also a great book to get if you are open-minded and crave information that would help to accumulate knowledge towards unlocking your potential.

Kurzbeschreibung Omni is full of love and wisdom that will touch your heart. He explains the nature of the universe and our relationship to it. This book is interesting to read and challenges us to look within and discover more about ourselves and the world we live in. It gives us loving wisdom and guidance about creating abundance, soulmates, spiritual growth, why we experience negative conditions, what is karma, death, why we chose our parents, and much more. Sanaya Roman, author of Living with Joy An inspiring and compelling collection of questions and answers are posed to Omni, a non-physical group entity channeled through John Payne. Omni is primarily concerned with communicating the four principles of creation which form the core of his teachings, all centering around the idea that the creative aspect of the universe is a natural part of our being. The Omni material offers candid, uplifting and inspiring answers to questions about abortion, sexuality, suicide, money, health, personal development and decision-making. The all-encompassing message that Omni relates is that all is okay with humanity we are evolving without encountering the prophesied disasters and will continue to be okay as we gently unfold our potential.
