**Von Ralph Nader :** "Only the Super-Rich Can Save Us!" before purchasing it in order to gage whether or not it would be worth my time, and all praised "Only the Super-Rich Can Save Us!":

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Witziger Ansatz..Von GeorgeDa ich Ralph Nader bestenfalls wage kenne, ging ich unbefangen vor. Das Buch setzt eine witzige Idee die gerade durch ihre weltfremde Art an Charakter gewinnt toll um. Ich habe es als Belletristik aufgefasst, mich unterhalten lassen und dennoch einige Ideen daraus entnommen wie unsere moderne Technik nicht nur zur digitalen berflutung und berwachung, sondern eben auch zur Umsetzung neuer Ideen eingesetzt werden kann.Der Einstieg in

dem Roman erfordert ein bisschen Zeit, wobei der Schluss durchaus etwas genauer formuliert sein könnte. Nichtsdestotrotz eine klare Empfehlung für alle, die ab und zu in "was wäre wenn" Gedanken schwelgen wollen.

Kurzbeschreibung "In the cozy den of the large but modest house in Omaha where he has lived since he started on his first billion, Warren Buffett watched the horrors of Hurricane Katrina unfold on television in early September 2005. . . . On the fourth day, he beheld in disbelief the paralysis of local, state, and federal authorities unable to commence basic operations of rescue and sustenance, not just in New Orleans, but in towns and villages all along the Gulf Coast. . . . He knew exactly what he had to do. . ." So begins the vivid fictional account by political activist and bestselling author Ralph Nader that answers the question, "What if?" What if a cadre of super-rich individuals tried to become a driving force in America to organize and institutionalize the interests of the citizens of this troubled nation? What if some of America's most powerful individuals decided it was time to fix our government and return the power to the people? What if they focused their power on unionizing Wal-Mart? What if a national political party were formed with the sole purpose of advancing clean elections? What if these seventeen super-rich individuals decided to galvanize a movement for alternative forms of energy that will effectively clean up the environment? What if together they took on corporate goliaths and Congress to provide the necessities of life and advance the solutions so long left on the shelf by an avaricious oligarchy? What could happen? This extraordinary story, written by the author who knows the most about citizen action, returns us to the literature of American social movements to Edward Bellamy, to Upton Sinclair, to John Steinbeck, to Stephen Crane reminding us in the process that changing the body politic of America starts with imagination. Pressestimmen "This tale has a moral substance and political content that is quite relevant for our time!" --Cornel West, Princeton University "A breakthrough book that sparks the imagination and inspires us to think about the political economy our country deserves." --Rose Ann Demoro, executive director, California Nurses Association. ". . . Clever, fanciful, thought-provoking." --New York Times "Ralph Nader, the consumer activist and corporate scourge, is saying nice things about the kind of folks you'd expect him to despise. . . . worthy of a billionaire's portfolio." --Hillel Italie of the Associated Press "With his new book, Ralph Nader--always the iconoclast and visionary--has created a new genre. . . . How many leftist books leave you feeling hopeful, even optimistic? How many offer you a picture of a new world that inspires you to act? . . . A genuine creative leap in genre and substance." --Tikkun Magazine Kurzbeschreibung "In the cozy den of the large but modest house in Omaha where he has lived since he started on his first billion, Warren Buffett watched the horrors of Hurricane Katrina unfold on television in early September 2005. . . . On the fourth day, he beheld in disbelief the paralysis of local, state, and federal authorities unable to commence basic operations of rescue and sustenance, not just in New Orleans, but in towns and villages all along the Gulf Coast. . . .
