**Von Judith Riches : Optimize Equity and Trusts** before purchasing it in order to gage whether or not it would be worth my time, and all praised Optimize Equity and Trusts:

**Kurzbeschreibung**The Optimize series is designed to show you how to apply your knowledge in assessment. These concise revision guides cover the most commonly taught topics, and provide you with the tools to: Understand the law and remember the detailso using diagrams and tables throughout to demonstrate how the law fits togetherContextualise your knowledgeo identifying and explaining how to apply legal principles for important caseso providing revision advice to help you aim higher in essays and examsAvoid common misunderstandings and errorso identifying common pitfalls students encounter in class and in assessment Reflect critically on the lawo identifying contentious areas that are up for debate and on which you will need to form an opinionApply what you have learned in assessmentto presenting learning objectives that reflect typical assessment criteriao providing sample essay and exam questions, supported by end-of chapter feedback The series is also supported by comprehensive online resources that allow you to test your progress during the run-up to exams.[Optimize is] ideal for undergraduate students at all levels. The content is of a high standard, easy to read and understand. The materials are very catching and easy on the eye making it easy to read and digest the materialsan essential study tool for all law students' - George Ellison, DerbyI am really impressedthe strengths are the user friendly format, clear explanations, helpful diagrams/flowcharts and appropriate suggestions for analysing the issues concerned - Katherine Davies, NorthumbriaURL: [www.routledge.com/cw/optimize/lawrevision/Pressestimmen](http://www.routledge.com/cw/optimize/lawrevision/Pressestimmen) ["Optimize" is] ideal for undergraduate students at all levels. The content is of a high standard, easy to read and understand. The materials are very catching and easy on the eye making it easy to read and digest the materials an essential study tool for all law students - George Ellison, Senior Lecturer in Law, University of Derby I am really impressed by the book the strengths are the user friendly format, clear explanations, helpful diagrams/flowcharts and appropriate suggestions for analysing the issues concerned - Katherine Davies, Senior Lecturer, Northumbria University I really liked the topics 'maps' at the start of each section, it's helpful for students to see how each topic links with each other. The visual features of the book are brilliant, as I find so many students to be visual learners. The revision objectives are great to demonstrate to the student exactly what they should know before the exam. - Hayley Roberts, Lecturer in Law, Bangor University Comprehensive, but concise the main strength of the publications are the excellent summaries/overviews, and maps of the relevant points. - Bogusia Puchalska, Senior Lecturer, UCLAN As a revision guide, I can see this text as an invaluable student companion. It contains a variety of student-friendly features. In particular, the chapter maps and summaries of the key cases, which are presented in a table/diagram format, stand out. The use of everyday examples will help students to put into context the concepts/principles they've learnt about. Common pitfalls and aim higher are excellent features too, enabling students to develop their understanding of the topics. Pitched at the appropriate level the text is written in a simple, straightforward style, making it easy for students to understand. - Andrea Cerevkova, Senior Lecturer in Law, Edge Hill University presented in a very attractive and eye catching way. Strengths are the copious use of flowcharts and the sufficient depth of explanation. - Keith Gompertz, Senior Lecturer in Property Law, Coventry University I think this format helps concentrate the student mind onto key issues in revision. - Prof. Chris Gale, Bradford University Law School 'What Judith Riches has produced here is an excellent statement of the main points of study covering 13 topic areas for Equity and Trusts, optimizing the law and catering for undergraduates looking for a departure from the traditional law texts and revision materials available. The "Table of Key Cases" provides a particularly useful aid to learning.' - Phillip Taylor MBE and Elizabeth Taylor of Richmond Green Chambers
