Von John Campbell : Sub Zero (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sub Zero (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Set at a

cracking pace, this book burns along. Von George B. Bazzell John Campbell has written an exciting tale full of action and suspense. An isolated American base in the Pacific finds itself invaded by a ruthless enemy. Campbell's heroes have character and stubbornness, and the way the bad guys finally get theirs in the end is brilliant. I recommend this book to break up any boring day. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Good plot, but not enough submarine action. Von predator@thenavy.com The main plot of the book is alright. It has much action and is a very original concept. The only problem I might have had with it is that a good portion of the book is devoted to land battle, more than is written about Submarine Warfare.

Kurzbeschreibung The North Koreans are making a brazen grab for the United States' most important missile secrets, secrets which would render South Korea and Japan helpless before a North Korean missile attack. A heavily armed assault team from a North Korean Kilo class submarine is about to shift the balance of power in the Far East and leave the United States also vulnerable to a missile attack. The death ship known as "Master Three" must be prevented from returning to North Korea with its load of top secret documents and a kidnapped American engineer whose head is filled with missile secrets. On an isolated Pacific atoll, an undermanned, outgunned band of civilians, servicemen, engineers and civilians is America's last line of defense . . . and her final hope. They must fight the ultimate battle - against an enemy few could have imagined. Kurzbeschreibung The North Koreans are making a brazen grab for the United States' most important missile secrets, secrets which would render South Korea and Japan helpless before a North Korean missile attack. A heavily armed assault team from a North Korean Kilo class submarine is about to shift the balance of power in the Far East and leave the United States also vulnerable to a missile attack. The death ship known as "Master Three" must be prevented from returning to North Korea with its load of top secret documents and a kidnapped American engineer whose head is filled with missile secrets. On an isolated Pacific atoll, an undermanned, outgunned band of civilians, servicemen, engineers and civilians is America's last line of defense . . . and her final hope. They must fight the ultimate battle - against an enemy few could have imagined. Synopsis When a heavily armed assault team is dispatched from North Korea and prepares to grab the United States's most devastating military secrets, an undertrained, outgunned band of servicemen, scientists, and civilians becomes the nation's only hope. Original.
