goes back to the crux of being a believer or not. You either have faith in a ll of God's promises or believe the FINISHED works of Christ or you don't. This book is more than just receiving the gifts of the cross and can affect the rest of your life if you let it. Fear is a major theme in the book and dominating factor in conventional/modern childbirth that we need to overcome. Read and be blessed beyond your birthing experience.3 von 3 Kunden fanden die folgende Rezension hilfreich. Great scriptures and insite....but I have to addVon Paul R. VaughnI have to add that the book really does not go into a lot of the necessary facts that one must know to have a supernatural childbirth. There are a lot of people that have pain in childbirth for a few simple reasons not tied to anything spiritual at all---such as laying flat on you back in labor and birth increases pain--not being healthy and properly nutrition can cause pain because of lack of nutrients such as vit.E which helps the elasticity of the skin. Also not having the knowlege of what your body is doing during pregnancy and birth can cause fear, which leads to unnecessary pain. I loved the book and I highly recommend it but not alone. I also recommend reading Natural Birth the Bradley Way and The Birth Book for starters. These books offer a lot of know how and Supernatural Childbirth offers the spiritual. The book is filled with Scriptures to read over your birth, your pregnancy, your baby. It was so encouraging to me and I recommend you reading it. It also has a section on miscarriage and not being able to have babies that is very good---powerful scriptures to read over the woman and womb! I encourage you to gain total knowledge on the whole birth process. Great book!3 von 3 Kunden fanden die folgende Rezension hilfreich. Awesome TestimonyVon Natural Birth LadyThis is a very awesome book in that it gives you her testimony of her own births, and encourages you that you can do the same. It was recommended to me when I was pregnant with my third child. I went on to have a painless and rapid birth. I am a little worried that if someone does have a painful birth, they may think they failed in faith, however. For a more graceful approach, I liked Christ Centered Childbirth by Kelly Townsend. She explained that no matter what happens in your birth, God will use it for good and has a valuable lesson for you. I think with that approach, Supernatural Childbirth is an outstanding addition to your birthing library!

KurzbeschreibungPregnancy and childbirth are often depicted as a time of sickness and mood swings for women followed by twelve to twenty hours of pain and hard labor. Many women have been told they can never conceive. Others have suffered the pain of conceiving and miscarrying. Have you had enough of this picture? Supernatural Childbirth is a practical and realistic look at God's promises for conception, pregnancy and delivery. This is not "pie-in-the-sky"-This is a personal testimony of how one couple overcame defeat and triumphed in God's plan! Jackie Mize had been told she could never have children. However, by unlocking powerful truths and dynamic faith principles she and her husband Terry found in the Bible, they now have four miracle children! This exciting book shares with you these truths and faith principles. You will learn these things: * How to put faith principles into action for your very own supernatural childbirth * How you can be a living example of God's promises in action * How to deal with fear during pregnancy and delivery * How and when to use your faith for pregnancy and delivery Also included in Supernatural Childbirth: * Faith-inspiring testimonies from women who have followed these principles and experienced their own supernatural childbirth * Confessions and prayers for a supernatural conception, pregnancy, childbirth, and all circumstances surrounding each stage * A powerful teaching section by Terry Mize explaining the curse on Eve in the Garden of Eden KurzbeschreibungPregnancy and childbirth are often depicted as a time of sickness and mood swings for women followed by twelve to twenty hours of pain and hard labor.
