Kurzbeschreibung Night after night, they swallowed their fears and flew long distances through packs of enemy fighters to drop the bombs that could destroy Hitler and bring about the end of the war. Tens of thousands of young men never came back, blown up or bailing out from burning aircraft to drop helplessly into enemy hands. Yet history has condemned their brave and valiant actions, denouncing them for the destruction of German cities and civilians, rather than acknowledging them for the heroes that they are. For the first time John Nichol and Tony Rennell tell the story of the controversial last battles of Bomber Command through the eyes of the heroic men who fought them.

Tens of thousands never came back, blown up in an instant or bailing out from burning aircraft to drop helplessly into enemy hands. Yet history has turned its back on them - denouncing them for the destruction of German cities rather than acknowledging them as the heroes they were. For the first time, John Nichol and Tony Rennell tell the story of the controversial last battles of Bomber Command through the eyes of the brave men who fought them.
