Von Erica Sadun, Steve Sande : Talking to Siri: Learning the Language of Apple's Intelligent Assistant before purchasing it in order to gage whether or not it would be worth my time, and all praised Talking to Siri: Learning the Language of Apple's Intelligent Assistant:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sprechen mit dem iPadVon GaryMucDas Buch gibt eine hervorragende Anleitung zum Gebrauch von Siri - dem sprechenden Hilfsprogramm des iPads. Der groe Nachteil ist natrlich, dass das Buch fr die englische Sprache

geschrieben wurde und daher einiges erraten werden mu, wie das im Deutschen heien knnte. Darberhinaus gibt es einige Features, die im Deutschen berhaupt nicht funktionieren - wie das Aufrufen der amerikanischen Datenbank Wolfram Alpha, die leider nur englisch spricht. (In dem Buch ist eine Mglichkeit angedeutet, wie man die englische Sprache benutzen kann - ich will versuchen, ob man auf diesem Weg zu "Wolfram Alpha" gelangen kann. Falls mir das gelingt, werde ich hier noch ein Update einfgn.)Aber grundstzlich hat mir das Buch die Bedenken zu Siri genommen.Gary

KurzbeschreibungSweet-talk Siri for iOS 6 into doing practically anything! In iOS 6 and OS X Mountain Lion, Siri is more amazing than everand its even better when you really know how to talk to it. Now, two top Apple tech experts show how to talk the newest version of Siri into doing more than you ever thought possible! Look up what you want to do, and youll find tested step-by-step instructions for getting perfect resultsincluding new ways to do everything from checking football scores to posting on Facebook! Teach Siri to recognize requests and take dictation more accurately Check Yelp reviews and place OpenTable restaurant reservations Launch apps hands-free Find out where your friends are right now Choose a great movie with Rotten Tomatoes reviews Get up-to-the-minute player stats for baseball, football, or soccer Blog with Siri using email or text messaging Tweet updates, complete with location or appointment info Create location-based reminders that trigger at destinations like the drugstore Help Siri recognize and connect with your family and friends Transform Siri into your personal media DJ Find the nearest store thats selling whatever you want Answer math and science problems with Wolfram Alpha Make sure Siri responds only to you, not to an impostor Discover the silliness Apple engineered into Siri KurzbeschreibungSweet-talk Siri for iOS 6 into doing practically anything! When not writing, she's a full-time parent of geeks who are brushing up on their world-domination skills. According to her academic dosimeter, she's acquired more education than any self-respecting person might consider wise. She enjoys deep-diving into technology. Steve Sande also writes way too much. He's the hardware editor at TUAW and has logged more than 1.5 million words written for the blog in a little more than 4 years. He's written a number of books for Take Control Books and Apress, is married to a rocket scientist, and spends his days being bossed by a cat.
