Von Gigi Sedlmayer : Talon, Come Fly with Me (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Talon, Come Fly with Me (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. An interesting story with moral lessons. Von Detra Fitch Four and a half years ago Matica's parents moved from Australia to the remote village of Pucara as missionaries. The village is located on a high and open, sandy, vast plateau of the great Andes Mountain in Peru, South America. It is close to the border of Brazil. Matica had been five-years-old at the

time her family arrived in Pucara; however, due to her growth problem, Matica looked no older than two. Because of her growth disorder, the villagers did not accept her. Everyone, including the other children, turned from Matica. As this story opens, Matica is almost ten-years-old. She has a little brother named Aikon, who is almost four. Aikon is normal, so the villagers consider him to be a part of their community. Yet they still shun Matica. With no real friend to keep her company, Matica turns to nature. When a very huge bird captures her interest, Matica sets off after it to learn more. Over the next year or so, Matica learns that it is a male condor and she names him Tamo. Tamo has a mate and Matica names her Tima. Every day Matica goes to a special place, where she will give them small, dead animals (such as lizards) to eat and to simply talk to them. Matica's patience is eventually rewarded. Condors are extremely intelligent. Tamo and Tima come to trust the small human girl. Though the female, Tima, would keep her distance, Tamo would bravely approach Matica. After spending so much time with Matica, Tamo no longer hesitates to land and spend time with the small girl. Tamo and Matica bond with each other. When poachers come to steal his egg, Tamo goes to Matica for help. With the aid of her father, Crayn, the small girl figures out what must be done. Matica, Tamo, and Tima may not speak the same language, but they are still able to understand each other most of the time. The condors are bigger than matica, but instinctively know that their small friend can protect their egg. It is up to Matica to help incubate the egg (keep it very warm) until it hatches. The condor chick hatches on Matica's tenth birthday. It is a male and Matica names him Talon. As of this point in the story, Matica's world changes. Matica's family, the entire village of Pucara, and even other villages, watch as the growth-stunted girl and her massive bird friends work together to raise Talon. **** FOUR STARS! This chapter book targets readers from the age of seven and higher. It is the first of a series involving Matica, the world around her, and her majestic Condor friends. The author shows the reader, through the eyes and actions of Matica, that people who have disorders and/or handicaps are not really different from the normal people around them. In fact, as Matica's parents often tell her, these people are different for a special reason, and someday that reason would become clear. By the end of this story, Matica understands exactly why God has made her body so small. Not only that, but the bond between Matica and the three birds teach the villagers several moral lessons. As you enjoy the story, many facts about Condors are told. (I did not realize how much I was learning about Condors as I read.) This sneaky, but shrewd, author makes learning about Condors fun! Children will be able to connect with Matica, her positive outlook on life, and her indomitable spirit. The story is upbeat and never becomes too depressing. This is the first book, of what could be several, involving Talon and Matica. I believe future stories will touch more on the topics of endangered animals and poachers, but this one mainly focuses on Matica meeting and bonding with the three birds. Author Gigi Sedlmayer has written a didactic story that will long linger in the minds of her readers. **** Reviewed by Detra Fitch of Huntress Reviews. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Talan come fly with me ist ein wundervoller, lebendiger Roman, der berührt. Von Gabriele Kuprevicius Talan come fly with me ist ein wundervoller, lebendiger Roman, der berührt. Ich habe mit Matica gelacht und geweint. Ich sprte dem Wind unter den Flgeln von Tama und Tima, die beiden Kondore. Ich bangte, um das Ei aus dem Talon schlpfen sollte und lernte Kondore zu lieben. Dieser Roman zeigt auch, dass Andersartigkeit kein Hemmschuh sein muss, sondern im Gegensatz sogar beflgelt. Talon come fly with me ist ein Buch, was mich gefesselt hat und mich, bis zum Schluss nicht loslie. Ich empfehlen Ihnen dieses Buch sehr und wnschte mir nur, man wrde es aus dem Englischen ins Deutsche bersetzen. Ich jedenfalls bin jetzt schon auf den nchsten Band gespannt.

Kurzbeschreibung The adventure of a young girl will captivate your attention in this beautiful book. The words soar off the page and into your heart as you read this imaginative story. Enjoy seeing the family dynamic from the first moment with her brother, to the gentle times with her mom, and the exciting scenes with her father. A young girl, Matica, is jealous of her brother, Aiken's ability to have friends. But Matica's ability to form friendships is extraordinary. The trust and camaraderie between Matica and the condors is truly wonderful. The way the author revealed each situation is fun to read and it made one anxious to see what's next. Acceptance was eloquently woven into the story without being blatant. And the other thing I learned was that when certain things happen, you don't always know why and just maybe something goodwill come of it. Talon, Come Fly With Me is not only magical but inspiring. The author is expressive every step of the way and paint such vivid pictures with her words. Kurzbeschreibung The adventure of a young girl will captivate your attention in this beautiful book.
