Von Helpful Advice
"The 28th Amendment" von Jamie Richards geschrieben ist eine interessante Geschichte ber einen gefhrlichen Besessenheit und die Folgen, es knnte zu bringen.
Es ist schon 7 Jahre, seit Prsident CH Moses fhrte die 28. nderung der amerikanischen Verfassung so dass der Akt der einzelnen Mord vllig legal. Der Prsident verspielt seinen Ruf, seine Karriere und die Zukunft der Vereinigten Staaten. Der Prsident verspielt, dass private Rache wrde eine strkere Abschreckung als das Gesetz zu beweisen. Er dachte, der beste Schutz eine Person haben knnte wre ein eng verbundenen Familie in der Lage, bereit und in der Rechtsanspruch auf Mord zu rchen.
In den letzten sieben Jahren Menschen haben gesehen, wie diese nderung auf die amerikanische Kultur beeinflusst, einschlielich der Einfhrung der umstrittenen Surety Marshals fr jene Leute ohne Familie. Was auch immer jemandes politischen Ansicht oder persnliche Meinung ist, alle Menschen einig zumindest -, dass sie ber einer historischen ra gelebt haben ...Dies ist eine der Ziffern von Anfang des Buches, das schn fasst die Hintergrundgeschichte, in denen US-Brger "Obsession mit Gewehren durch die Geschichte von einem Marshall, die auf der Jagd nach seiner Beute wird diskutiert.
Es ist irgendwie klar, dass Autor, Jamie Richards, wurde auerhalb der USA geboren und dass ein Teil seiner Karriere war das Schreiben fr TV Skizze zeigt - daher ist es nicht verwunderlich, dass dieser Autor mit seinem Roman gelungen, eine solche faszinierende Parabel zu liefern.
Meiner Meinung nach ist entweder Sie fr oder gegen die Waffenkontrolle, das als eines der Hauptprobleme in diesen Tagen in Amerika gesehen werden knnen, sind, mein Rat wre, um diese neuartige anstatt von vornherein Ablehnung zu lesen, wenn Sie anders denken. Das Buch "The 28th Amendment" ist dezent geschrieben, leicht zu lesen und sicherlich die Zeit, die Sie wegen der Fragen zu verbringen der Autor gewagt, anzuheben wert.
Ich bekam ein Exemplar dieses Buches vom Autor zum Zweck der unvoreingenommene berprfung gegeben, whrend alle dargestellten Informationen beruhen auf meinen Eindrcken basiert.
ORIGINAL REVIEW IN ENGLISH
"The 28th Amendment" written by Jamie Richards is an interesting story about a dangerous obsession and the consequences it might bring.
It's been 7 years since President C H Moses introduced the 28th Amendment to the American constitution making the act of individual murder entirely legal. The President gambled his reputation, his career and the future of The United States. The President gambled that private revenge would prove a stronger deterrent than the law. He figured the best protection any person could have would be a close-knit family capable, willing and legally entitled to avenge murder.
During the past seven years people have seen how this change has impacted on American culture including the introduction of the controversial Surety Marshals for those people with no family. Whatever someones political view or personal opinion is, all people agree on one thing at least - that they have lived through an historic era
This is one of the paragraphs from the very beginning of book that nicely summarizes the story background in which U.S. citizens obsession with guns is discussed through the story of one Marshall who is on the hunt for his prey.
Its kind of obvious that author, Jamie Richards, was born outside the U.S. and that part of his career was writing for TV sketch shows therefore its not surprise that this author with his novel succeeded to deliver such an intriguing parable.
In my opinion, either you are for or against weapon control that can be seen as one of the major problems these days in America, my advice would be to read this novel instead of a priori rejection it if you think differently. The book "The 28th Amendment" is decently written, easy to read and certainly worth the time you will spend because of questions the author dared to raise.
I was given a copy of this book by the author for the purpose of unbiased review, while all the presented information is based on my impressions.

Kurzbeschreibung
7 years have passed since President C H Moses introduced the 28th Amendment making the act of individual murder entirely legal. With violence spiralling, gun control nonexistent and deficit spending at an all time high the president gambled that private revenge would prove a stronger deterrent than the law. Now, his term nearly up, President Moses finds the 28th Amendment is under attack. With America about to decide its own future a father and a son have only four days to prevail before one of them loses his political career and the other loses his life.
