HISTORY/RELIGION

The Age of Reform, 1250–1550

AN INTELLECTUAL AND RELIGIOUS HISTORY OF
LATE MEDIEVAL AND REFORMATION EUROPE

STEVEN OZMENT

Ozment believes that the Reformation was a continuation of certain aspects of medieval thought as well as a revolt against others. In this book he traces with great clarity and insight the roots of the Reformation in late medieval times and discusses what happened to these philosophical and religious issues amid the social and political developments of the early 1500s.

"A high-level survey of current work on religious thought and practice from the thirteenth to the sixteenth century. . . . Stimulating [and] readable."

—James Muldoon, *History*

"A clear and coherent substantive history; [this book] is also an extremely fair-minded discussion of the interpretations and issues involved. Those coming to the book will, therefore, have the double benefit of an authoritative account both of the subject and the contemporary state of the subject."

—Gordon Leff, *The Times Literary Supplement*

"Exceedingly well explained and scrupulously documented, . . . this is a learned, humane, and expressive book. It should find a large and responsive readership."

—Gerald Strauss, *Renaissance Quarterly*

"A superior job."

—*Kirkus Reviews*

Winner of the 1981 Philip Schaff Prize of the American Society of Church History

Steven Ozment, McLean professor of Ancient and Modern History at Harvard University, is also the author of *The Reformation in the Cities*, *Magdalena and Balibazar*, *Protestants: The Birth of a Revolution*, and *The Burgomaster's Daughter: Scandal in a 16th Century German Town*.

Von Steven Ozment : The Age of Reform 1250-1550: An Intellectual and Religious History of Late Mediaeval and Reformation Europe before purchasing it in order to gage whether or not it would be worth my time, and all praised The Age of Reform 1250-1550: An Intellectual and Religious History of Late Mediaeval and Reformation Europe:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great at establishing CONTEXT. . .Von Jason JewellOzment does a wonderful job of showing that the story of the

Reformation does NOT begin with the posting of the 95 theses in 1517. Rather, the events of the 1500s were the culmination of a centuries-old search for truth. Ozment's account of the Reformation as something unfolding out of the Middle Ages is much more instructive than the standard view, which treats the Reformation as a starting point for this or that development. This book grounds Luther, Zwingli, Calvin, and Ignatius firmly in the tradition of medieval scholastic, mystic, and ecclesio-political thought, as well as Renaissance humanism. Additional chapters are devoted to clerical marriage and resistance to tyranny, two legacies of Protestantism that Ozment finds particularly compelling. To top it off, the author has obviously done his homework; every significant interpretation by previous scholars receives due note here. I think this should be the FIRST book anyone reads on the Reformation.

KurzbeschreibungThe Age of Reform 1250-1550 **Pressestimmen**"It is not only a clear and coherent substantive history; it is also an extremely fair-minded discussion of the interpretations and issues involved."--Gordon Leff, *The Times Literary Supplement* "Soundly argued and lucidly presented. . . . An impressive book that academic and research libraries should have."--*Library Journal* "A high-level survey of current work on religious thought and practice from the thirteenth to the sixteenth century. . . . Stimulating."--James Muldoon, *History* "Clear, careful, well-documented. . . . A superior job."--*The Kirkus s* "The best one-volume introduction now available to the religious history of western Europe between 1250 and 1550."--Robert M. Kingdon, *The Journal of Religion* "As one would expect of Steven Ozment, he has produced a masterful study. . . . An intellectual and religious history of late medieval and Reformation Europe."--*Christianity Today* "A learned, humane, and expressive book. It should find a large and responsive readership."--Gerald Strauss, *Renaissance Quarterly* "[A] significant contribution to our understanding of the Protestant Reformation."--Kenneth R. Bartlett, *Canadian Journal of History* "Ozment's masterly synthesis of the intellectual and religious history of the period 1250-1550 clarifies the impact of late medieval ideas on early modern society. Its appeal derives from its breadth of scholarship and clarity of style. Ozment reviews the current state of research on late medieval intellectual history, explicates the basic ideas of the scholastic, spiritual, and ecclesio-political traditions, and analyzes the impact of these on Protestant reformers."--*Choice* "Two features of the [book] make it a valuable resource: the balance of political, ecclesiastical, and intellectual history in one volume . . . and its clear explanations of such complex subjects as Medieval epistemology. . . . As a clear, instructive, and provocative overview of the period, it is ready to be enjoyed."--Scott H. Hendrix, *Interpretation* "A book that reveals a strong mind, great learning, and a courageous spirit ready to make a stand and not just assume changeable positions, and it is beautifully written."--Lewis W. Spitz, *American Historical* **Kurzbeschreibung**The Age of Reform 1250-1550
