Von Ein Kunde After reading this book, the next morning I awoke with these strange words in my thoughts: "Keep what is thine and only thine." I spent the morning with these words trying to figure out what

they meant. What did I have that was not mine? Then it hit me, a Christmas present that I had forgotten to send to a friend had been sitting in the closet since December. This message was given to me without asking, and I am grateful. The book is easy to read and very uplifting! I have always believed in angels, now I know how to coexist with them. Thanks!

Von Bernadette A. Moyer As an Angel lover and an Angel believer I was drawn to this title. It is easy reading and can be quite comforting. During a very difficult time I read it and truly felt better. There are many areas, such as LEARNING TO ASK and WHY PEOPLE DON'T ASK GOD FOR HELP? that give insight. There are stories shared, angelic drawings and changes in ink color to keep you directed and interested. A book that eases you from page to page. This is probably one of the best ANGEL books I have read both in style and in content.

**Kurzbeschreibung** Two years ago, Barbara Mark and Trudy Griswold published a remarkable book that showed us how we could reach out to our angels for guidance, comfort, and love. Drawing on the unique angel communication techniques that these two sisters have been teaching in workshops across the nation, Angelspeak has sold more than 45,000 copies to date, and another 15,000 in its Spanish-language edition. Now the authors take us to the next step: calling upon God's messengers for help in solving personal problems and healing. Focusing on the specific steps we can take to solicit angelic intervention in times of crisis, they offer wisdom and practical advice on such topics as getting clarity on what we want in our lives, how to be trusting no matter what happens, and the power of divine healing. Interspersed throughout are the stories of people who have used the Angelspeake process and have had their dreams fulfilled. A partnership with the divine is there for the asking that is the uplifting message of this handsomely designed and illustrated book.
