Was very informative filled with details. Full of information for the not so knowledgable. Great book to read prior to Mr. Longs current book on the AR-15.

KurzbeschreibungHere is the definitive book on the rifle that has been the inspiration for so many modern assault rifle designs. Invaluable to the M16 owner, it includes info on grenade launchers, assembly/disassembly, conversion kits

and modifications, troubleshooting, ballistics and ammunition, combat use, testing, cleaning and lubrication. Also includes detailed step-by-step instructions and materials lists for the do-it-yourselfer.
