Von JOHN L. WORK : THE BARTER 3: Rescue (The Barter and Reckoning Series Book 4) (English Edition)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised THE BARTER 3:
Rescue (The Barter and Reckoning Series Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Grabs you by the throatVon Alana WoodsThis is book 3 in John L Works The barter series and picks up within minutes of where book 2 finished. America is now a country that todays citizens wouldnt recognise. In the not too distant future Islam and China will be battling for supremacy but for now they exist together in an uneasy alliance.Jamie Hernandez is on the run from his own government for crimes committed in book 2. Hes aided by Australian Secret Intelligence Service agents. Rebecca Teals is one of them and she and Jamie get to know each other pretty well over the course of the rest of the story.As an Australian myself its interesting to see a non-Australians view of us. Work obviously finds us engaging. Its not the first time hes referenced Australia in his novels.They escape to Australia where Jamie and two other Americans receive military training with the aim of returning to the US to wreak havoc. Then its back home to do just that.Book 3 keeps up the pace and I found myself reading quickly to find out if Jamie and Rebecca survive.The whole series of four books grabs you by the throatas I said in my review of A well-regulated vengeanceand doesnt let go.

KurzbeschreibungThe Barter 2: Crusade, is set in the year 2020. Benito Hernandezs son, Jaimie, undertakes a journey to reclaim his life and his dignity in an Orwellian nation which has utterly collapsed and been resurrected as a totalitarian socialist state. The government of the United States has been co-opted by the Peoples Republic of China. In this world, can even a determined man such as he survive what Jaimie Hernandez is about to do?All of which brings us now to Chapter 1 of The Barter 3: Rescue, just ahead of you. This one begins within five minutes of its prequel, The Barter 2. Ive always found it difficult to contemplate the possibility that the United States government might someday turn its military technology and weaponry against the American citizens its supposed to protect. However, in order to write this story, which also features Jaimie Hernandez, I had to do just that. Its a difficult proposition to countenance. And if circumstances ever evolved to that terrible point, who in the world would come to the aid of a destitute, disarmed American populace, or in particular, a man like Jaimie Hernandez?Youre on your way. Hold onto your hats.KurzbeschreibungThe Barter 2: Crusade, is set in the year 2020.
