Von Geoffrey Bennett : The Battle of Trafalgar (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Battle of Trafalgar (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The Battle of TrafalgarVon Colin McDougallI ordered the book from medimops (through) and it was delivered on April 4, 2015. The book is in excellent condition and I thoroughly enjoyed reading it. A big thank you to medimops for quick

and good service!

Kurzbeschreibung 1805. Off the Cape of Trafalgar, an epic sea battle was taking place which will be remembered throughout history. The battle of Trafalgar has now passed into national mythology. The expertise, courage and determination and confidence which gave Britain a victory of spectacular finality in October 1805 also provided her with one of her great legendary figures a naval hero in life but much more like a national, if secular, saint in death. However like the noise and smoke of battle, legends have a habit of obscuring facts and having lodged into the popular imagination are transcribed to history books. In this masterly history, Geoffrey Bennett sets the battle in the context of the world-wide struggle of Napoleon, describes the ships, their crews and the tactics of the action. In his scholarly but immensely readable account of the battle he discusses the preparatory manoeuvres and the mechanics of naval warfare in the age of sail. 'Excellent balanced accounts and judgements' Richard Hough, author of 'The Great War at Sea: 1914-18'. Captain Geoffrey Bennett RN (1909-1983) served in the Royal Navy from 1923 until 1958, during which time he was for three years Naval Attache in Moscow. He is the author of several distinguished books on the history of naval warfare, including The Battle of Jutland, Coronel and the Falklands and Naval Battles of the First World War. Endeavour Press is the UK's leading independent publisher of digital books.
