Von Tim Stevenson : The Book of Small Changes: A flash fiction I Ching (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Book of Small Changes: A flash fiction I Ching (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.

interesting and compelling Von Jillskin Each story is different. The book is full of fresh ideas, themes both old and new. Wonderful the first time you read it and also good to dip into regularly.

Kurzbeschreibung Sixty-five very short stories. The Book Of Small Changes takes its inspiration from the wisdom of the Chinese I Ching, replacing those ancient fortunes with new stories: where the sea mourns for those it has lost, where encyclopaedia salesmen weave their accidental magic, and where the only true gift for a king is the silence of snow. Tim Stevenson is the winner of the 2013 National Flash-Fiction Competition and his stories have previously appeared in the anthologies Scrap and Jawbreakers. This is the first collection of his work.
