Kurzbeschreibung This is the story of a Welshman who became one of the most ruthless and brutal buccaneers of the golden age of piracy. His name was Captain Sir Henry Morgan and, unlike his contemporaries, he was not hunted down and killed or captured by the authorities. Instead he was considered a hero in England and given a knighthood as well as being made governor of Jamaica. As Graham Thomas reveals in this fresh biography of this complex and intriguing character, Morgan was an exceptional military leader whose prime motivation was to amass as much wealth as he could by sacking and plundering settlements, towns and cities up and down the Spanish Main. As featured on BBC Radio Wiltshire and in Cardiff Times.
