Von Cambridge University Press : The Cambridge Companion to Ancient Greek Law (Cambridge Companions to the Ancient World) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cambridge Companion to Ancient Greek Law (Cambridge Companions to the Ancient World):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Ancient

law goes modern... Von Peter Miller A complete work about the "ancient way" of law and justice. Useful for those who are interested in ancient law and for those who are at home in these fields of science. The structure is clear, lightweight and thus easy to read while not leaving out important information. A MUST for all Lawstudents, Lawhistorians and sparetime scientist! 5 Marks for a great "Companion".***Ein umfassendes Werk über das Recht im Altertum. Nützlich für Interessierte und für solche, die in diesem Bereich der Wissenschaft zu Hause sind. Das Buch ist klar strukturiert und sehr gut lesbar, ohne dass es auf die Kosten der Inhaltsfülle geht. Dieses Buch ist ein MUSS für alle Jurastudenten, Rechtshistoriker und Freizeitwissenschaftler. 5 Sterne für einen guten "Companion". [Das Buch ist auf Englisch, daher auch eine englische Rezension. Die Sprache beinhaltet viele Fremd- und Fachwörter und daher eher für fortgeschrittene Englischkenntnisse zu empfehlen.]

Kurzbeschreibung This Companion volume provides a comprehensive overview of the major themes and topics pertinent to ancient Greek law. A substantial introduction establishes the recent historiography on this topic and its development over the last 30 years. Many of the 22 essays, written by an international team of experts, deal with procedural and substantive law in classical Athens, but significant attention is also paid to legal practice in the archaic and Hellenistic eras; areas that offer substantial evidence for legal practice, such as Crete and Egypt; the intersection of law with religion, philosophy, political theory, rhetoric, and drama, as well as the unity of Greek law and the role of writing in law. The volume is intended to introduce non-specialists to the field as well as to stimulate new thinking among specialists. *Pressestimmen* 'a fascinating sampling of the stimulating work accomplished so far from the predominantly Anglo-American perspective individual chapters of this book will inevitably be cited on undergraduate reading lists. Teachers will also benefit from engaging with the 'extraordinary intellectual range of contemporary contributions to the study of Greek legal ideas and institutions.' *Journal of Classics Teaching* 'The book excels substantively in its broad collection of Greek legal and political thought, accessible to the most inexperienced of readers. this collection's great achievement - demonstrating the seemingly innumerable ways in which new light can be shed on well-established themes in this timeless and timely field.' *Law and History* über das Produkt This Companion volume provides a comprehensive overview of the major themes and topics pertinent to ancient Greek law. Many of the essays deal with procedural and substantive law in classical Athens, but attention is also paid to legal practice in the archaic and Hellenistic eras.
