Von Mally Cox-Chapman : The Case for Heaven, Near Death Experiences as Evidence of the Afterlife (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Case for

Heaven, Near Death Experiences as Evidence of the Afterlife (English Edition):

Kurzbeschreibung Does heaven exist? What is it like? Do angels guide you there? Can you get to heaven if you've been bad? Will you see your loved ones and relatives there? The Case for Heaven considers these questions through interviews with more than fifty people whose lives were transformed by near-death experiences. Their stories serve as inspiring examples for everyone in search of spiritual fulfillment.

Kurzbeschreibung Does heaven exist? What is it like? Do angels guide you there? Can you get to heaven if you've been bad? Will you see your loved ones and relatives there? The Case for Heaven considers these questions through interviews with more than fifty people whose lives were transformed by near-death experiences. Their stories serve as inspiring examples for everyone in search of spiritual fulfillment.

Synopsis Examines the nature of the afterlife as it is revealed through the near-death experiences of more than fifty people from all walks of life. Author Mally Cox-Chapman documents the accounts of the 'experiencers', and examines the significance of their revelations. Three out of four Americans say they believe in Heaven. Even more surprising, a recent Gallup poll reports that eight million Americans have had a near-death experience that they believe confirms the reality of Heaven. Objectively researched, intelligently organised, and persuasively written, The Case for Heaven addresses tough questions many people are afraid to discuss. Written with the expectation that readers will come to a better understanding of the nature of Heaven and death itself.
