**Von Sharon Bayliss : The Charge (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Charge (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great idea... Good writing Von Elena A The entire book was enjoyable and I must admit the subject was quite interesting and new. I would have liked more insight into the family past and specifics about the Charge. I thought at times the book to be quite juvenile in writing with a few moments that were poorly written and some that could have been better

developed. Overall I still enjoyed the book and found it a good read.

Kurzbeschreibung Praise for *The Charge*, by Sharon Bayliss: "A solid cast of well-developed characters, including a super-tall royal Texan family, stars in this thrill ride of a novel teetering between sci-fi adventure and alternate historical epic." ~Publishers Weekly (won in the 2012 Breakthrough Novel Award Competition) About *The Charge*: When King of the Texas Empire kidnaps Warren's brother, Warren embarks into a still Wild West to save him. On his journey, he makes a discovery that changes his life forever he and his brother are long-lost members of the Texas royal family and the King wants them both dead. He gets help from an activist Texan named Lena, who's itching to take on the King and happens to be a beautiful firecracker Warren can't stay away from. Convincing her he's not one of the bad guys becomes harder when a mysterious energy stirs in his body, turning his brain into a hive of emotions and memories not all his own. A legacy of violence is not all he inherited from the brutal Kings of Texas. The myth that the royal family possesses supernatural powers may not be myth at all. Gone are the days when choosing a major was a big deal. Now Warren must save his brother and choose whether or not to be King, follow a King, or die before he can retire his fake ID.
