KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Highly recommended.Von Ein KundeThis book is a must read for students of WWII history, particularly those interested in the combatives training of the OSS. There are many personal reminescences by Applegate on other combatives instructors. In the course of his work he met WE Fairbairn, EA Sykes, John Styers, and Drexel Biddle. The development of the curriculum that was taught is of special interest.

Kurzbeschreibung This is the remarkable story of how Col. Rex Applegate, William Fairbairn, Eric Sykes and Wild Bill Donovan trained and employed OSS and MID commandos during WWII. Includes the facts behind the development of point shooting, knife fighting, hand-to-hand combat and a staggering number of other fighting skills as taught by the top instructors of the era. Contains rare archival photos and the Colonel's graphic original lesson plans.
