Von Douglas Porch : The Conquest of Morocco: A History before purchasing it in order to gage whether or not it would be worth my time, and all praised The Conquest of Morocco: A History:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Geat History and a Great Read!Von Aussie ReaderI have read this author's account on the French Foreign Legion and 'The Conquest of the Sahara' and this book is just as good as those two. Douglas Porch almost seems to have a inside line into what it must have felt like to be one of the actors of these great drama's. If you want to read a great book and learn something of the French involvement in the Middle East, you'll love this book and his others. Take the chance and buy

a copy and then sit down and enjoy!

Kurzbeschreibung The Conquest of Morocco tells the story of France's last great colonial adventure. At the turn of the twentieth century, Morocco was a nation yet to emerge from the Middle Ages, ruled by local warlords and riven by religious fanaticism. But in the mad scramble for African colonies, Morocco had one great attraction for the Europeans: it was available. In 1903, France undertook to conquer the exotic and backward country. By the time World War I broke out the conquest was virtually complete. Based on extensive original research, The Conquest of Morocco is a splendid work of popular history. Pressestimmen Praise for "The Conquest of Morocco: "The conquest of Morocco was a great game--a picaresque war of modern times . . . Porch has brought it all back, including the Camel Corps and the never-never land of Sidi Bararni. Throw in von Sternberg and Dietrich-Charles Boyer, too-and what a movie it might have made." --"The Boston Globe "A colorful account. . . Douglas Porch tells the story of the conquest of Morocco with wit, wisdom and a proper appreciation of the accidents of history." --"The New York Times Book "[An] exotic and bravura popular history." -- "Newsweek "A lively chronicle . . . A good and valuable book." --"The Washington Post Book World "Porch applies his considerable wit and notable literary style to an exciting story ringing with ancient and modern war cries." --"The Chicago Sun Times "An entertaining history." --"The Atlantic Monthly Praise for "The Conquest of Morocco": "The conquest of Morocco was a great game--a picaresque war of modern times . . .
