Ursprungswerk der HermetikVon BariusWer sich fr die Hermetik wirklich interessiert sollte dieses Werk besitzen. Denn alles sptere baut darauf auf. Selbst in moderner spiritueller Literatur findet man die Grundlagen wieder, die hier schon angedacht sind. Allerdings ist dies keine einfache Literatur: Das Heftchen ist dnn aber zum Verstdnis ist teilweise weiterfhrendes Kommentargut ntig. - oder auch nicht, denn Sprache soll mit der Seele selbst sprechen und nicht nur mit dem Verstand...3 von 16 Kunden fanden die folgende Rezension hilfreich. Schwer zu verstehenVon NowDa es eine englische Ausgabe ist, ist es sehr schwer zu verstehen. Kaufen Sie also lieber die deutsche Ausgabe vom Kybalion.

This OMTO edition is based upon the classic translation by GRS Mead, lightly updated into more contemporary English to make the writings more accessible, however, with every effort made to leave Mead's masterful grammatical style intact. This is one of the world's greatest religio-philosophical and spiritual texts. It speaks directly to the human spirit and is the antithesis of an esoteric work, but rather one that aims to promote personal Gnosis. For these reasons, this edition resists the temptation to impose further interpretation or commentary upon the reader.
