Kurzbeschreibung Jennifer could not remember exactly when she began to dream began about The Burned One or why the dreams left her with a sense of impending doom. She did her best to ignore the overwhelming feeling of dread as she tried to dismiss the dream as her subconscious trying to sort out the death of her parents who were gunned down in front of her when she was a little girl. Jennifer was good at suppressing her feelings until a mysterious woman named Nora began to appear in the dreams. Nora did not feel like a figment of her subconscious and there was something good about her which made Jennifer feel safer despite The Burned One getting closer. Nora told her that The Burned One was real and was going to destroy the world unless they found a way to stop him. Nora suspected that her family was at the middle of The Burned Ones plot and somehow her husband Gerald's plans for Jennifer could not be a coincidence. In Jennifer's waking life, Gerald had made an offer to Jennifer that she could not refuse and little did she know it was going to put her on a collision path with her destiny and The Burned One.
